MISSION, VISION & CORE VALUES

MISSION STATEMENT:

Our mission, together with the communities of Miami, is to make our city a place where all people can live, work, and visit safely without fear.

VISION:

The Miami Police Department will maintain the highest standards of professional ethics and integrity. We are committed to the philosophy of community and neighborhood policing. We will build partnerships and coalitions with the business, corporate, and residential communities to identify and recommend solutions to problems with the goal of improving the quality of life in our neighborhoods. We will employ time-tested police methods and promising innovative approaches to better protect our communities. We value the cultural unity and differences of our communities, recognizing that there is strength in both. Our commitment is to provide professional service to our citizens, residents, and visitors.

CORE VALUES:

IN OUR INDIVIDUAL CONDUCT AND IN OUR PERSONAL RELATIONSHIPS, WE VALUE:

- Integrity and ethical behavior at all times
- Respect for the rules of law and the dignity of all human beings
- Acceptance of full responsibility and accountability for our actions
- Empathy and compassion for others
- Direct communications that permit and encourage healthy disagreement
- Resolving differences in a mutually supportive and positive way

IN OUR PROFESSIONAL RESPONSIBILITIES, WE VALUE:

- Individual and team effectiveness in solving crime and crime related problems
- Exceptional response to community needs
- Equal protection and service to all, regardless of economic status
- Continuous commitment to personal and professional growth
- Innovation, creativity, and reasoned risk-taking
- A methodical approach to problem solving
- Responsible and creative management of our resources
- Excellence and continuous improvement in all we do

MESSAGE FROM THE CHIEF

It is with great pride that I present you with the 2014 Miami Police Department (MPD) Annual Report. In the pages of this report, you will find highlights of the MPD's accomplishments which were made possible by the hard work, dedication, and teamwork of our sworn and civilian personnel. We also thank the residents, visitors, and stakeholders of our great City. It is only with their support and cooperation that we are able to accomplish so much.

I am pleased to report that in 2014, Part I Crimes in the City of Miami dropped for a third consecutive year, with a 4.1 percent decline in Part I Crimes; Miami's crime rate is at its lowest point since 1963. In doing so, our officers were dispatched to over 308,000 calls for police service to citizens in 2014. In order to address future challenges of attrition in our sworn force and a growing population, our City Commission and City Manager approved an increase to our sworn police force for a second consecutive year, bringing our authorized sworn strength from 1,179 officers to 1,259 officers. During the past two years alone, we have hired 211 new police officers.

We are steadily moving in the right direction in terms of hiring more police officers, and are also augmenting their effectiveness by adopting technological solutions to address the public safety needs of the people of Miami. In 2014, we purchased four police vehicles equipped with Automated License Plate Readers (ALPRs), which can conduct in excess of 10,000 license plate records checks per

shift, thus increasing our officers' ability to recover stolen vehicles and stolen license plates. Additionally, officers can also apprehend drivers with open arrest warrants or suspended or revoked drivers' licenses. We also entered into an agreement with SST, Inc. in order to initiate ShotSpotter, a gunfire detection system, along with many other technological advances in crime fighting which will commence in 2015.

The men and women of the City of Miami Police Department continue to demonstrate that we are truly a world-class law enforcement agency. In 2014, we earned our fifth consecutive reaccreditation from the Commission on Accreditation of Law Enforcement Agencies (CALEA). Our Communications Unit also earned its two-year recertification for Public Safety Telecommunicators through the State of Florida Department of Health.

With your continued support, we remain committed to carrying out the mission of the Miami Police Department: our mission, together with the communities of Miami, is to make our city a place where all people can live, work, and visit safely without fear.

Warm Regards,

A large, stylized handwritten signature in black ink, appearing to read "Rodolfo Llanes".

HIGHLIGHTS 2014

Chief Najiy's promotion:

For the first time in the history of the Miami Police Department, a female member will be appointed to the high-ranking executive staff position of Assistant Chief of Police. Prior to this, the title of "Major" was considered the highest held by a sworn, female employee of the agency. Commander Anita M. Najiy, a 31-year veteran of the agency, was promoted to Assistant Chief of Police.

Domestic Violence March

October is nationally known as Domestic Violence Awareness month. The City of Miami Police Department Domestic Violence Unit in observance of this, organized a march. The march took place on October 15, 2014. The theme of the march was "Break the Silence, Stop the Violence". There were approximately three hundred attendees from both the police department and the public. Attendees chanted the march's theme. Some attendees were dressed in purple tee shirts (domestic violence color) while others had purple balloons or placards bearing messages such as "Love Should not Hurt", "Break the Silence. Stop the Violence", "Hands are not for Hitting" and "Domestic Violence Awareness Month".

Creation of MPD CCTV Monitor Room

The Virtual Policing Detail has been created and designed to enhance the security and safety of all residents and visitors in the City of Miami. Its objective is to provide first class public safety services within the City of Miami boundaries.

The Detail, which has been designed to operate 365 days of the year 24 hours a day is recording multiple video feeds from cameras located throughout the city and are monitored by police officers. Technical components consist of, wireless mesh point-to-point antennas, state-of-the-art point-tilt-zoom (PTZ) cameras, monitoring HD-televitions, Internet bandwidth service, and servers which are used as processors and recorders.

The system will receive digital video feeds from existing, private and public sector cameras. Additionally, the system is capable of “pushing” video to any tablet, computer, or any other device with the capability to receive video.

Upon reaching operational status (late 2014), the Virtual Police Detail has proven to be an asset to both real time events and has assisted in significant investigations.

HIGHLIGHTS 2014

Bella

The late Bella Rodriguez-Torres fought an aggressive childhood cancer for several years. Her love and passion for life exemplified that to everyone she met, whether in person or via the social media. She touched tens of thousands of persons throughout her battle, but she had one motto and it is, "Live Like Bella"!

Several members of the Miami Police Department embarked on a long journey via mountain bikes. The ride commenced on August 13, 2014, Coconut Grove, Florida and culminated in Key West, Florida on August 16, 2014.

CALEA Inspection

During the week of December 15, 2014, the City of Miami Police Department underwent an intensive on-site re-accreditation assessment by the Commission on Accreditation for Law Enforcement Agencies (CALEA) and passed all aspects. During the accreditation on-site audit, the Department underwent a comprehensive in-depth inspection to determine compliance with all of the 1,330 individual elements contained in 483 CALEA standards. The accreditation process also included an inspection of our buildings and facilities.

Homeless Detail Program

Since the inception of the City of Miami Shelter program on August 1, 2014, over 1000 homeless individuals have been placed by the Miami Police Department into shelters. The program consists of mats and humanitarian beds with full services such as 3 meals a day, showers, security, dog kennel, clothing, and laundry, access to case manager, primary health care and dental. Because of the City of Miami Shelter Program many homeless have been united with their families, received treatment, found employment and permanent housing. The City of Miami Shelter program is funded by the City of Miami, CRA Omni, CRA Park west, Downtown Development Association and private funding with collaboration with the City of Miami outreach.

OUR DEPARTMENT AT YOUR SERVICE

OFFICE OF THE CHIEF

The nationally accredited Miami Police Department (MPD) is at the forefront of professional policing and technology on a global scale. Within the confines of the trendy, cosmopolitan City of Miami, the largest of over 30 municipalities in Miami-Dade County, there are twelve neighborhoods in three police districts (refer to map on pg. 28) that are unique and culturally diverse. Dedicated to the delivery of unparalleled law enforcement services for thousands of residents, merchants and visitors of Miami are over 1,400 sworn and civilian employees assigned to MPD, who carry out multiple functions in the offices and on the streets.
