

MIAMI POLICE DEPARTMENT

ANNUAL REPORT

2021

MANUEL A. MORALES
CHIEF OF POLICE

125 YEARS OF SERVICE

MESSAGE FROM THE CHIEF

Welcome to the 2021 Miami Police Department (MPD) Annual Report. In this report, we showcase some of the remarkable work accomplished by our team of men and women. I am proud of our team; they show up ready to respond and serve with respect, dignity, and compassion.

This year, the Department continued to work through the constantly evolving trends of COVID-19. We were able to maintain staffing levels, even while officers were quarantining. Taking proper precautions, we resumed many valued community events and activities such as PAL Football and Cheer, Shop with a Cop, and the Senior Holiday Luncheon. We are excited to be able to participate in these events with members of our community once again. We also hosted the first Pal-loween Haunted House, a not-so-spooky event, for children of all ages.

MPD launched a multitude of new initiatives in 2021. We established the Homeless Empowerment Assistance Team (HEAT) Initiative to aid those in need of homeless assistance. HEAT members coordinate outreach services that enable the homeless community to utilize services they would not seek otherwise. HEAT is an integral piece in reaching those less served and actively assisting with activities such as medical transfers and shelter placements.

MPD also ramped up employee health and wellness professional assistance. The Department increased its volunteer peer mentors to 40, up from 26 in 2020. The Peer Support Program is available for employees who may be going through a difficult time, personal or work related. Peer Support Team members are trained and available to assist their fellow employees, putting in their own time for an important cause. Ultimately, our team's overall well-being is vital to community engagement. Ensuring employee wellness better guarantees improved services to our stakeholders.

In efforts to reduce gun violence, we embarked on a joint mission with Miami-Dade County Police Department and other agencies. We conducted Operations Summer Heat and Community Shield as part of the Gun Violence Reduction Initiative. The initiative's purpose is to use data-driven intelligence that allows our Problem-Solving Teams, Tactical Robbery Unit, and Gangs Unit to investigate and approach offenders most likely to be involved in violent crimes. We also enhanced tracking on all felony arrests involved with gun violence to ensure successful prosecution. While most major cities in the US experienced increases in homicides, I am pleased to report a 25% decrease in homicides in the City of Miami. This is attributed to our partnerships with the FBI, State Attorney's Office, High Intensity Drug Trafficking Areas Task Force (HIDTA), Organized Crime Drug Enforcement Task Force (OCDETF), and a multitude of other co-operational assistance. Our officers make every effort to keep guns, narcotics, and violent offenders off the streets.

Our goals remain to protect and serve as well as restore community trust. This involves a high level of engagement with residents, business owners, and visitors to our City. We aim to provide increased visibility in high-crime areas, targeting hot spots to reduce violent crime, and increase face-to-face contacts. We will continue to instill community policing principles and constitutional policing methods to ensure fair and impartial treatment and protection of citizens' rights.

I look forward to the year ahead. As always, we would not be a successful agency without the support of those we serve. Please know that you, our community, are our top priority. We endeavor to make the Magic City safe for all who live, work, and visit. We can be successful with your continued support!

Sincerely,

Manuel A. Morales
Chief of Police

MISSION, VISION & CORE VALUES

MISSION STATEMENT:

To work together with Miami's diverse residents, visitors, and businesses to constitutionally, transparently, and accountably reduce crime and enhance public safety.

VISION:

The Miami Police Department will maintain the highest standards of professional ethics and integrity. We are committed to the philosophy of community and neighborhood policing. We will build partnerships and coalitions with the business, corporate, and residential communities to identify and recommend solutions to problems with the goal of improving the quality of life in our neighborhoods. We will employ time-tested police methods and promising innovative approaches to better protect our communities. We value the cultural unity and differences of our communities, recognizing that there is strength in both. Our commitment is to provide professional service to our citizens, residents, and visitors.

CORE VALUES:

IN OUR INDIVIDUAL CONDUCT AND IN OUR PERSONAL RELATIONSHIPS, WE VALUE:

- Integrity and ethical behavior at all times
- Respect for the rules of law and the dignity of all human beings
- Acceptance of full responsibility and accountability for our actions
- Empathy and compassion for others
- Direct communications that permit and encourage healthy disagreement
- Resolving differences in a mutually supportive and positive way

IN OUR PROFESSIONAL RESPONSIBILITIES, WE VALUE:

- Individual and team effectiveness in solving crime and crime related problems
- Exceptional response to community needs
- Equal protection and service to all, regardless of economic status
- Continuous commitment to personal and professional growth
- Innovation, creativity, and reasoned risk-taking
- A methodical approach to problem solving
- Responsible and creative management of our resources
- Excellence and continuous improvement in all we do

COVID-19

During 2021, the COVID-19 pandemic continued to impact the City of Miami Police Department. The Health Services Detail under the Personnel Resource Management Section continued experiencing challenges presented by the pandemic due to a substantial increase in employees who were exposed or tested positive to the Delta and Omicron variants. As MPD dealt with its top priority of ensuring that our employees received the necessary medical care, the challenge of doing so, along with employee shortages that were created, kept the Health Services Detail personnel under constant pressure. Additional challenges presented were: The follow-up with our employees to ensure they were provided with proper medical care, ensure that employees who recovered were able to return to work in a timely manner in accordance with Center for Disease Control and Prevention (CDC) guidelines, follow ups on medical advice, and maintain a log for the same.

prolonged medical care. At the time, daily averages were 22 for sworn and two for civilian employees. Nevertheless, as the 2021 holiday season approached, employees increasingly began to report testing positive for the new variant (Omicron). The most significant increases commenced just prior to the Christmas holiday and continued through the New Year where personnel exponentially began testing positive. This substantial spike in numbers resulted in the implementation of new procedures in accordance with the changes proposed in CDC guidelines. Therefore, additional personnel were reallocated to the Health Services Detail to assist in the workload created by the spike in positive cases. The Health Services Detail continues to conduct numerous audits to ensure tracking and accountability for all personnel as it relates to COVID-19 and other health-related needs.

The Health Services Detail at MPD works closely with the City of Miami Human Resources Department, and the Workers' Compensation (WC) claims administrator, USIS, to process the WC claims. Since 2019, procedures have been implemented and modified as needed to ensure an efficient process in the reporting of employee claims, follow ups, and welfare-checks. Prior to December 2021, the detail maintained a minimal number of employees who were significantly affected by the virus who required

The level of enthusiasm and dedication displayed by members of the Detail during these challenging times ensured the safe, efficient, and expeditious return of our personnel.

CHIEF CLARENCE DICKSON POLICE COLLEGE

On March 23, 2021, the Miami Police Department Training Center was re-named in honor of former Chief Clarence Dickson. Clarence Dickson joined MPD in 1960. He was one of three African-Americans allowed to attend the Miami Police Academy, the only one who graduated, and the first black man to do so. He rose through the ranks, ultimately becoming the first African-American police chief in 1985.

Wearing his signature cowboy hat, Chief Dickson accepted the honor with gratitude. He addressed the gathering speaking about his journey and struggle as a black man in the then segregated Miami Police Department. The Chief Clarence Dickson Police College bears his name in his honor for his numerous lessons and contributions to MPD. His leadership and tenacity continue to pave the way for many officers today.

Chief Clarence Dickson
City of Miami Police College

"Blessed are the peacekeepers, for they shall be called the children of God."
— Matthew 5:9

With gratitude, admiration and respect, this building is dedicated to Chief Clarence Dickson who became the City of Miami's first African-American Police Chief in 1985. As the first African-American graduate of the City of Miami's police academy in 1960, Chief Dickson rose through the ranks with distinction and honor that transcended race and ethnicity. Chief Dickson's graceful and determined leadership blazed a trail for future generations to follow and for those acts and deeds, he is bestowed this honor.

AUBREY JOHNSON, JR. AUDITORIUM

On July 9, 2021, "Beyond the Call of Duty" End of Watch Ride to Remember visited the City of Miami to honor one of our fallen officers Aubrey Johnson, Jr. who passed away on October 1, 2020. This organization visits police agencies throughout the country that have lost officers in the line of duty. Spokesman and founder of "Beyond the Call of Duty" Jagrut Shah, a former deputy sheriff, says the organization wants to show departments and their families who have lost partners and friends they are not alone. Shah states, "I wanted to bridge this gap that

we have and bring back to the department and let the officers and their families know that their loss has not been forgotten."

Additionally, on that same day the Miami Police Training Unit honored our beloved Aubrey Johnson, Jr. by placing a dedication plate with his name on the doors of the police auditorium. Officer Aubrey Johnson, Jr. and his family will never be forgotten by the MPD family.

STOP THE SILENCE AGAINST GUN VIOLENCE PEACE MARCH

On June 16, 2021, the City of Miami Police Department alongside Crystal Foster of "We Stand 4 Justice Inc." and several other law enforcement agencies hosted the Stop the Silence Against Gun Violence Peace March. The march served as a conduit to spread awareness and to call on the community to help put an end to gun violence and encourage community members to say something if they see something regarding gun violence incidents. The organizers wanted a call to action since the early part of 2021 saw increasing gun violence in Miami-Dade

County, with many victims being innocent children caught in the crossfire. Spanning one and a half miles, the march started at Ark of The City and ended at Range Park with several guest speakers. Community members, Mayor Francis Suarez, Mayor Daniella Levine Cava, Commissioners Keon Hardemon and Jeffrey Watson, members of the MPD, Miami-Dade Police Department, and Miami Gardens Police Department walked the route in the rain with resolve that together we can make an impact in reducing gun violence.

SOS CUBA PROTESTS

In July 2021, a series of protests by those living in Cuba against the Cuban government based on shortages of food, COVID-19 vaccines, and other medicines triggered protests and demonstrations of support in Miami and all over the world. For several weeks, peaceful protesters gathered, marched, and arranged concerts to bring attention to the inhumane treatment of residents in

Cuba. The mottos SOS Cuba and Patria Y Vida (Homeland and Life) were utilized as a call to freedom and for humanitarian aid. Throughout the month of July, the Miami Police Department monitored the protests and concert events to keep both protestors, pedestrians, and drivers safe during the demonstrations.

20TH ANNIVERSARY OF 9/11

On September 1, 2021, celebrating the 20th anniversary of 9/11, the Miami Police Department unveiled MPD's 9/11 Remembrance vehicle. In honor and remembrance of all the brave first responders and civilians who laid down their lives to save others on September 11, 2001, the Community Police Relations Foundation (CPRF) donated the vehicle wrap. Culminating this event, a check was presented to the Tunnel to Towers Foundation

with proceeds collected during the sale of our 20th Anniversary 9/11 Remembrance Badge. Retired Fire Department of New York Battalion Commander Jack Oehm addressed those at that event and spoke about the harrowing events of 9/11 and the valiant efforts to support and honor veterans, first responders, and their families through the Tunnel to Towers Foundation.

COMMUNITY RELATIONS HIGHLIGHTS

The Community Relations Section strives to bring different and unique events for our community to enjoy creating strong relationships between MPD and our residents, businesses, and visitors. This year, two events, PAL-loween and the United First Responders Music Festival, stand out as particularly momentous as they provided safe ways for our community to come together amid COVID-19. On October 28, 2021, held at Central Station, PAL-loween saw the advent of our first "Not So Spooky Haunted House," and included activities such as movies, Trunk-or-Treat, costume contest, and more.

On November 20, 2021, the United First Responders Music Festival occurred at Regatta Park. Bands comprised of police officers and firefighters from Puerto Rico, Dallas, New Jersey, New York, Homeland Security, Collier County Sheriff's Office, Broward Sheriff's Office, Miami-Dade County, and MPD's In Blue Band performed for the community. The event also included food trucks, police and fire expo, a kid rock zone, a motorcycle and Jeep show, and a touching tribute by the Calvary Chapel Choir to first responders who worked at the Champlain Towers collapse site in Surfside.

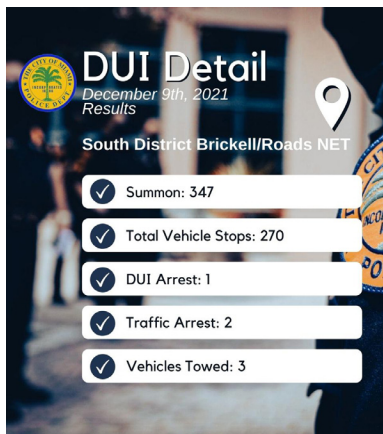

SOCIAL MEDIA SPOTLIGHT

The Social Media Detail continued to create content to assist the department throughout the year. Types of material created and issued for the public were information posts and content related to recruitment and community relations activities, social media-based tutorials, and Do the Right Thing Program video productions. The Detail also created training videos and internal social media content for MPD.

Members of the Detail published over 1,390 Twitter posts with over 13,790,000 views, 48 Nextdoor posts with over 39,100 views, and over 460 Facebook posts. The Detail also published over 437 posts on Instagram and gained 8,000 new followers. Nineteen videos were published to the MPD YouTube channel, which included patrol and training vlogs, virtual ceremonies, and recruitment efforts. Videos included an officer's first day patrolling Model City, female imminent response

strategies and tactics, patrolling Art Basel, patrolling the Little Havana neighborhood, and patrolling with K-9. The YouTube channel received over 2,609,000 views and gained over 6,600 new followers. In efforts to reach a younger demographic, the Detail created a TikTok channel.

In October, when the Social Media Detail released a recruitment video that went viral, MPD received national acclaim. In typical Miami style, the video is set to a club remix of Rick Astley's, "Never Gonna Give You Up" and highlights various units within MPD. The high-energy video encourages viewers to apply to become a police officer and features community member testimonials about MPD officers. The video superseded all expectations and within hours the recruitment process was closed with MPD receiving 1,000 applications during that time.

The Public Information Office (PIO), Special Projects Management Unit (SPMU), Strategic Planning and Performance Unit, and Internal Affairs & Professional Compliance Section (IA/PCS) fall under the purview of the Office of the Chief. Each of these is vital to the organization for a myriad of functions.

Public Information Office

In 2021, the Public Information Office played a vital role in disseminating information to the news media and public on all issues involving public interests, safety or concerns including numerous protests throughout different parts of the city.

IN MEMORIAM

At 38 years old, Sergeant Matthew Garrett suddenly passed away on November 29, 2021. Serving MPD for over 15 years, Sergeant Garrett's work assignments included Communications, Recruitment and Selection as a Polygraph Examiner, and at the time of his death, was a patrol supervisor in the North District.

Remembered by his family, friends, and coworkers as a caring, loyal, and humble man who enjoyed sports, food (occasionally vegan, occasionally not), fantasy football, jiu jitsu, wrestling, heavy metal music, and video games. A consummate professional, he was an exemplary supervisor and always provided guidance and direction to his officers.

He will be greatly missed by his police family and his memory will remain with us forever. Rest in Peace Sergeant Garrett.
